

## **What's the BuZZ?**

### **ZZ Birds...that's what!**

Rio now has ANOTHER game to offer to our shooters.

[Click on the image:](#)

## **Friendly Reminders**

- All members authorized to use the lower ranges, please remember to go up to the Main Range first with your guest(s) to sign them in and pay guest fees.
- Shooters that use High Power, please police your brass, put benches and tables back and leave the range in the **HOT** condition.  
A HOT range has been cleared of all personnel downrange and if a range is HOT, then no one should go downrange unless the shooting positions are clear. When the range is left in Cease Fire condition, someone must go downrange to be sure no one is down there.
- Instructors using the training bays please police the brass and bring the tables used back to the front of the bay.

[Check out the calendar to see what's happening at the Range](#)
