

## **Looking for a Large Gun Safe**

The Junior Division is getting ready to purchase a large gun/rifle safe, if anyone has a used one that they have outgrown or don't need anymore, the Juniors would love an opportunity to buy it from you. Please call either John Karadsheh at 602-615-0843 or Ed Roberts at 480-694-5090. Thanks!

## **An Important Message from the Chief Instructor:**

My Fellow Rio Members,

As much as we all like to help others improve their shooting skills, Rio prohibits paid instruction on the range by members who do not have the proper instructor certifications & insurance on file with Rio Salado Sportsman's Club.

If you have been or are contemplating using your punched range privileges to hold paid instruction, ***please do not!*** Conducting a class for compensation without paying the training use fee and without having proper insurance specifically naming Rio ***will result in your range stamp privileges being revoked!*** Maybe even club membership suspension.

If you are interested in becoming a certified instructor with approved use of the range facilities, please go in and talk with Cheryl in the main office and/or contact me for more information.
